To Tommy and family,
You have my deepest sympathies. I know it is difficult to lose a love one. Just remember the good memories and that will help you get through the tough days. God called your mother home and now she is resting in a better place.

I had the pleasure of meeting and working with Delores ("Burton") as we so fondly called her at Park DuValle. She was a great friend and co-worker, and we spent many Fridays after working at the health center eating fried fish, playing cards and having a couple of drinks. Burton was always the same she was great to work with. She did not play around when it came to her patients lol she would get them screened and put in a room quickly and then go and ask the doctor how long it would be before her patients were seen. She was a hard worker and pulled her weight as well as that of others on the team. She was not a complainer always ready to help. She always talked about her children Tommy, Angela, and Rita. She was so proud of Tommy when he went into the Military. She loved her family and often spoke of her siblings. I will remember Burton as the free spirit we all knew and loved at the health Center. Rest in peace Burton and I will sign this as she called me.
