“Crying is the most natural response when we lose someone or something important to us. We have every reason to grieve and to be sad but our grief is not as the hopeless when they grieve. You see, we have an answer beyond the grave. But God will redeem my life from the grave; he will surely take me to Himself. Psalm 49:15 NIV Calvin & Liz Clark and Family

“When you work in the same industry for different companies, you have a choice. You can be competitors, or you can be friends. Freddie always chose the latter. I am better for his friendship. May his memory, and example, be with us always.

“ There are many times in this life when something happens that causes you to take inventory of your life and it's significance. Today is one of those times for me. You see, I was awakened this morning by a phone call from a very dear friend and mentor who called to inform me of the passing of a longtime colleague from back in the day at KTSU 90.9 FM in Houston, Texas. While we hear of many people passing on these days, (seems like everyday), this one was particularly arresting for me because of this person's contribution to my career in the Radio industry. As the story goes; I was just a young puppy working one night a week from 2 AM to 6 AM Sunday mornings doing a Jazz music show with no real knowledge of the music I was responsible for playing. If it had been R and B, I would have been in my wheelhouse... but Jazz, the music of the Masters... out of my league (at that time)! So on my first night, as I'm struggling to be relevant and not really holding my own, the hotline rings, (aka: "The Bat Phone") and it's one of the Big Dogs calling to "atta boy" me for the music I was playing. I couldn't believe it! I thought he was being sarcastic at first, but then he said: "Why don't you try to incorporate some Miles Davis and some Crusaders and a little bit of John Coltrane into your set along with what you're doing now and see what kind of response you get from the listeners?" I thought, "wow" that was really cool!!! So I thanked him, hung up the phone and went to the library. (It was 1990 and all the phones had chords on them) I pulled out the records (albums) with those names on them played them and the phone lines went crazy! From that night on the AM Jazz Place became a hit on the air and the other Big Dogs who were riding home from their Club gigs would call and pour their vast wealth of experience into me and I would absorb it like a sponge. These Big Dogs were: Steve Crain, Vince Kannady, Dr. Fred Brown, Rick Roberts, Slick Rick Lauderdale and "The

“ "Weeping may endure for a night, but joy cometh in the morning!" Thanks Mr. Jackson for the wisdom you imparted in Chan and I was grown up into young ladies. Thank you for all of the crash courses right before we would turn a corner or two in our 20's. I see that smile just like it was yesterday and your laid back demeanor too. I am eternally grateful to have met you. Thank you for making a difference in my life. Rest well sir.....rest well!

“ the older fred and i got the closer we got.I remember i read a poem at my mothers homegoing and he said sis do it ... i will hold your hand and he did. Fred was always holding our hands. And looking back...it was so symbolic of the type of supporting brother Fred was. He treated us all like gold. My brother is a saint and I know where he is is where I want to go when it is my time.Me and my sister robbie used to fight over freds front seat. Because whoever sat in the front would hold his hand. Of course there are many memories. Fred used to mentor about 20 boys at east end neighborhood center. Me and my sister thought we were just there to shoot pool and play darts and go on trips ...but the boys were there to have that Godly father figure to get them through their childhood.Fred would call me often hey hey little sis. And i would say how is my favorite brother. And he would say i am your only brother every phone call. When I came here in the end of September. Fred said you cool. you need a ride from the airport and you can stay at the house. I said fred, no worries about anything I have a car and a hotel and I am just here to see you. There is nothing to do. Even at his sickest he was still wanting to take care of me.My brother taught me to aim high and be cool.To my favorite and only bro. all I can say is God is good and till we meet again.God,Thank you for another day! Thank you for our lives and the purpose you have given each one of us. We come before you tired and ask for a refreshed spirit. Were we are weak please make us strong! We are exhausted and we need your strength to carry us. Fill us with joy, so that no matter how tired we are, we rejoice because you are good and your love endures forever. Help us not to complain amidst our weakness. Restore our minds so that we can still function properly. Give our bodies the energy needed to get through each day. We claim healing in Jesus Name! Please also help us to manage our time so that we will get the rest we need. Help us to prune things that are hard to let go of that suck the energy from us. Lord, we lay our lives down at your throne and praise you! The devil is a liar and God's battle is already won AMEN!

“ To my dear, amazing best brother in the world, I will truly miss all the things that you made your sisters feel so special about. The love that you gave us here continues within each of our hearts. We loved you, but God loved you more, and until we see each other again, just periodically send us that penny to let us know you are still around watching over us as you have always did. I will always love you my brother. We will continue to pray for one another as we have always been taught to do.
