“ The Brookins Family

I'm so sorry for your loss. My deepest condolence to the family during this difficult time. To My cousin Pipi and your twin brothers there is no one in this world like your Mother and I wish I had the right words, just know I care. I am always just a phone call away. My favorite memory of Nadine is when we would visit our grand mother next door. I always had a chance to see her because she would come out on the porch to sit on the swing to enjoy the summer breeze. My thoughts and prayers are with you and I hope the family can find some peace today.

Sincerely,  
Benetta

“ Nadine was the friend you called on when you needed a scripture, a belly laugh, a hug or just a shoulder to cry home. The pain we all are feeling right now is indescribable. It is hard to believe we will not hear your laughter any more. The love Nadine had for her God, her children, her grandchildren and her family was like none other. I will miss the many, many, many belly laughs we shared. I will never forget the hunts and adventures we went on. Our talks meant so much to me. Ramecca we are here for you in anyway you need us. Rest easy Nada.

“ When I think of Nadine I think of laughter. When ever we were together she would me us laugh until my belly would start to hurt you ever have that friend was so funny that you would start laughing even before they got the first words out of their mouth. Some of us would call her Nada Dada. Nada was the kind of friend that you didn't have to see her or visit often but if you needed her she was there. When my mother died and I was having a sad day I would post on Facebook just asking for prayer Nadine always responded with understanding and encouragement because she knew what I was going through having lost her mom too. Nadine thank you for all the fun and the laughter you brought into so many people's lives. Thank you for being someone who you could always count on. I know how much you believed in God so I have no doubt you are safe in his arms. Love You Nada Dada.
