“ *Last month on the 6th months anniversary of your passing grandson I was sitting outside around 10 o'clock pm. I was having an exceptionally emotional day thinking of you. All of a sudden a bird landed on the rail. As I got up to get my phone to take a picture it flew towards me. I went inside. When I came out it was perched in my bedroom window. In my haste to get inside I dropped my pen over the rail. I went down and got it. As I came back I noticed there were 2 birds. One perched on the rail by my window and one perched on the rail down by Marlene's door. As you all know we both lost a grandson. The DOVES stayed all night long in the same spots. Thanks grandson for letting me know you are at peace. Flying around heaven with Dominique. RIP GRANDSON. YOUR BIGGEST FAN GRANNY.*
