“ *Akeem and family,*

*We were shocked and saddened to learn about Akeem's passing. Akeem worked for our company a few weeks during the past 2 years. Akeem was always polite and professional when he came to work for our company.*

*The days were long and the pay was average but Akeem was trying to support his family. In a recent text to me Akeem expressed that he wanted to work for our company and that he was trying to be the best person he could be.*

*When our company left Mattress Firm this year Akeem found work with another contractor in an effort to support his family.*

*Akeem will be sorely missed by those who knew him.*
