“ *What a wonderful legacy Arthur Mitchell has left to his entire family. I admire his life and thank him for his service to our country.*

I love what his granddaughter said... "Love the people that you have while you can because we only have a moment in time. Take advantage of the moments that you have because you don't know when your number is going to be called up. We're standing in an invisible line, and we don't know when our number is going to be called."

God bless you all.
