“ Grandmama, Oh how I will miss you so....if only I could of kept you here longer....I would! But, I know that...Early on that Monday night...Jesus called your name home, as it was your time to go. The gates of Heaven opened that day as you followed the bright light, rejoiced with your parents, son and other loved ones. In my heart, I truly believe this, so I smile & will always keep you in my heart until I see you again. I Love you my dear precious Grandmother.

“ Dearest Weeta (momma). You will be truly missed and forever loved. You've been a part of my life since I was a young girl and you became a 2nd mother to me. Your beautiful personality and spitfire charm was only one that you could do. Your nickname of "Red" definitely fit you. I love you, but God knows best and loved you more. No more pain and worries for you. Take your rightful place in His everlasting arms. Love Always, Audrey
