“ *I just now have seen that Betty has passed on. My heart aches. In 33 years of working at MSU she is still at the top of the list as person I loved working with most. She was awesome in so many ways. She had a hand to help anyone who was in need. She had a smile that lit up your day no matter what was going on. She had a laugh and a sense of humor that made me look forward to seeing her every day. She was firm in her ways. She knew who she was and what she believed and she stuck by it with no apologies. But I mean that in all the best ways. She made everyone around her better in so many ways. I could go on forever about how she helped so many people and all the things I love about her. She is special and one of the few people on this planet that I truly love. I will miss her forever!!! To her family I would like to say “Thank you for sharing her with us”. She honestly made the world a better place to live in. God Knew what He was doing when He made her and I can’t blame Him for wanting her back home with Him. I love you Betty. Always have always will:-) RIP 🙏*

“ I am very sorry to see the passing of Betty, though she is in heaven with her mother who she missed very much along with other family members. God bless you Betty. We were spoiled by her in MSU culinary with her delicious soups, special events and everything she touched. I had the pleasure of working with her in Wonders, West Circle, Snyder- Phillips and Owen. Wow! did I learn a lot from Betty. She put her heart and soul in her dishes and provided many good southern special meals for guests to enjoy. I could never get enough of Betty. Her giggle was contagious and full of fun. I miss you Betty and hope to continue to serve some of the dishes you taught me. Bless your family as I know how much you loved them. Love, Donna Svendsen
