“ Please know that I share your loss & pain today. She was my babysitter when I lived in New York. Imagine the shock & pride when I entered my 3rd grade classroom & she was my substitute teacher! After the day ended, we took the short walk to my house together. She & her siblings are the reason I've spent over 30 years in the optical field. I wanted to do my part to help other people see better. I remember how we both loved " Round in Circles" by Billy Preston. I remember our all night cable tv binge watching & eating popcorn. I remember her dogs that made me itch & tear up because of my allergies. I remember that, if you were right, she would defend you to the end. I always knew I was in a no judgement zone with her. I hear her laugh right now. We have lost one of our better angels. She takes a piece of my heart with her. Love You Alfred

“ I got to know Mr. and Mrs. Peterson during Bates Memorial Church's senior dinners. On one such occasion I asked them to tell me all about how they got to know one another and married. They both chimed in and brought me from when they first met up until the time they became man and wife. it was a beautiful story. They were a lovely couple. I will remember Mrs. Peterson fondly.

“ *Before I was born, Beverly’s family and my family had already established a friendship and bond that has lasted until this day. We worshipped together at Hill Street Christian Church, sang in the choir and shared many special occasions as well as times of just being together for no special reason*

On behalf of the Harmon, Cole, and Taylor families, I would like to extend our deepest, heartfelt condolences. We love you and are praying for you all.
