“ *For Paulette, Buffy's mother: You were so proud of Buffy for what she had accomplished and I believe you related to her struggles as you had to your own struggles in nursing. I remember when Trinity was born and how happy you were for Buffy and George and how you adored them all. You know what I mean when I say this is a loss that will define you in some ways but that this too, we shall overcome and be better for it despite the depths of our sorrow. Paulette, George and everyone in the family...God Bless you and keep you.*
