“ We were bestfriends and it took me awhile to do this you always told me you wanted to marry me and I would laugh and smiled..for a while I couldn't get over the fact that you called me the day you took your life I didn't answer the phone and I blamed myself feeling I could've help you but I will never forget and I pray you're in a better place I've realized and accepted your choice which you left me no choice but I miss you friend so bad some days I cry like an infant been replacing those tears with the many laughs and times we've shared im very thankful for having you in my life. No matter what I will do nothing but keep alive in my heart I love you so much and will never stop sweety.....

“ Only knew Charles from him bringing in deliveries into our medical facility. He was always bright and cheery, always very professional. Such a shame to hear of his passing. Thoughts and prayers go out to his family and friends.

“ I always enjoyed talking with Charles when he made deliveries to Louisville Endoscopy Center. They say God sometimes needs the best to be at His side. Charles would be that guy. Thinking of his family and son that made some of the deliveries to us.
