“ I'm so sorry I can't be there this morning to honor my dear friend Big Momma, but am grateful to have had the opportunity to say goodbye before she passed. We shared many laughs and spent a lot of time together during activities at Golden Living. Our running joke was that she wouldn't say please when she asked me to do something. So, when I'd tell her I didn't hear "please," she would give me an exaggerated one which made us both laugh. She did, however, thank me many times over for whatever I had done for her. Christine was so very special to me and I miss her terribly. Much love to her and her family. My heart aches for her and for your loss.

“ My son and I will miss you greatly Big Mama. You were a Woman of many hats and we loved you for that. You touched many of our lives, young and old. Every where you were there were always people around you. You were people friendly, your life always welcomed others to just want to sit and embrace you. It was not you that welcomed them to sit, but the love and peace of Jesus Christ. You will be greatly missed . We Love you always BIG MAMA, enjoy Jesus.
