“ I do not know the person they speak about in the streets, But I do know Cordell and I talked nuerous times regarding job leads for him and he was an absolute blessing to my daughter (Jess & MJ) and grandson, ALWAYS made sure they were straight, He was a good father and loved his kids, he loved kids period...Cordell I wish I had talked to you longer when you called me the day before, Wish I had needed something to keep you from going there because I know you would have came out of respect. I remember when Jess and I saw you slip on the ice from the window...lol you were laughing and moaning. You treated my daughter and grandson like they were precious jewels...I will always be available if your kids need anything, not sure how I will get in touch, everyone is hurting bad behind this....Rest Easy my friend God took all the pain away...I know you will always always be with us you had a Big heart that won't ever die....

“ To Cordell's Parents...My heart breaks for you, never met you but I know he was raised with values that came from one hell of a mother and father, when our kids are grown and make choices we disagree with and know they know better we tend to blame ourselves, Please DO NOT DO this, He must have had two sides because I was around him a lot when he and my daughter dated, they remained friends and I spoke with him Easter as well as the day before he was called home, He talked to me on phone for 2 hours when he had the thyroid scare...When everyone else around us can only see the worst in us, God sees the best....God Bless you and your family, Do not hesitate to contact me if I can help in anyway. I did call and tell the police the little that I knew from talking to Cordell the day before, but if they don't catch the perpetrator, God will take care of him he already knows who did it
