“ Although my heart is heavier knowing that you are no longer here on Earth with us, I am thankful that I had the pleasure of knowing you and seeing your beautiful smile. Rest in peace sweet girl and please watch over your crazy classmates as they begin their careers as medical assistants; I know that you would have been a huge asset to any medical practice because of your caring, quiet, and gentle nature. I pray that you left your earthly body peacefully and that you knew the impact that you had on the lives of others. May God bless your parents, siblings, and loved ones as they prepare to lay you to rest sweet girl. May God carry them until they're strong enough to walk on their own two feet again. I hope that you are smiling in Heaven because your smile is contagious.
