“ May God hold you close during this crucial time of life. Everyone that Andre met or even said hello - he touched their life for the better. He always made you see the positive of this life. He will truly be missed however we are the ones that are blessed to have known him. Prayers to all his family and friends.

“ Dre I'm still trying to wrap my mind around all this. 33 years you've been my friend and little brother. Conversations and times we spent have been spinning in my head since I got the news Sunday. I've shed more tears than I can count and asked God WHY. But the truth is, you were an angel on loan to us , to make the world a better place. I will miss you and hold you in my heart forever. May God wrap his arms around your family and give them comfort. Your life was spent well and I salute you. Thanks for the memories, I cherish them.

“ To Andre's family: My heart goes out to you... I'm so sorry for your loss. My son, Justin Beeler, was a friend of Andre's and I also invited Andre to rap and share the Gospel at a couple of our church's outreaches back in the late 90's, I believe. Justin has now been in Heaven for 4 years. I know he is so excited to see his good friend. I can see them now in my mind. I am looking forward to the day when Jesus returns and we see our precious loved ones again! Prayers for God to comfort you!

“ Dre... I just can't believe it. I have known you for nearly half my life and through music, you became my brother. You watched me grow up. I looked up to you in so many ways and we shared so many incredible times together. You're truly an inspiration to so many & your legacy will endure. Your memory will forever shine through me & all of those who knew you. I thank you for sharing your gifts and your time with me on your earthly journey. I know we will laugh again one day.
