“ *All my life I looked forward to seeing Uncle Johnny. As a child he would have the greatest stories to tell and bring up bags of donuts and bread to my mom for all of us kids. My mother's final uncle has passed on, but I will forever remember your smile and spirit. Even in the darkest of times with the passing of my dad, mom, and nephew you were there. And, just seeing you comforted my soul. Thank You, Father for the gift of Uncle Johnny! Never a dull moment when Uncle Johnny was around. May God's peace be upon everyone in the family.*
