“ I looked up to you because of your intelligence and natural good nature. You aided in my voyages to places I never thought I'd go...mainly UK campus (lol) . You were the best babysitter in my eyes. You would play board games like Monopoly and Mall Madness for hours with Isaac and me. I remember when you and Moe played that one game (can't remember the name of the game) against Isaac and me over Aunt Eyna's. That was a lot of fun. I remember when Khyren used to call you all the time, you never hung up the phone. You would stay on the phone with him and listen to him breathe and babble until I found him. You will be missed Nahna Nahna (Mom's nickname for you)

“ My deepest condolences to the family my heart is heavy with the loss of our beautiful Erica. I have known Erica since 7th grade when we both attended Walker Junior High School in La Palma, CA. We have maintained contact all these years via email, text messages, letters, or simple phone calls. We have had lovely conversations on our desires for the future especially of our dream of moving to the Pacific Northwest, specifically Oregon. Our last conversation we had was mainly of our dreams and our desires; as well as fond memories of our time at Walker, movies we love, and our trips to our favorite coffee shop in Orange County THE GYPSY DEN ... our go-to for a blended pick-me-up that we have frequented when she resided in Southern California for two years after her departure from Washington DC. We have had a lovely conversation on our next trip to the Gypsy Den the next time she visits with an open invitation of staying with me for however long she liked. We were planning her next trip to Los Angeles so that we can remedy our old stomping grounds amongst other things. There is no other person as beautiful as Erica! She had inspired me in so many ways, blessed my soul with her spirituality, filled my half full brain with extensive knowledge my professors couldn't match, her wit, and her toxic laughter ... all of that beauty you can imagine the density of how much I am going to miss my best friend. To have maintained our friendship this long is a beautiful journey I will keep forever, an adventure that has no end ... our road will never stop here. Her legacy lives on ... in our dreams, our memories, or even a whisper of her name she continues to live with us in our hearts always. Rest in love Erica I love you deeply!

“ Erica was not only a classmate of mine at both Doss High School and University of Kentucky but she was a dear friend as well. She was extremely intelligent, strong willed, ethical, loyal, trustworthy funny, family oriented, and so much more. We recently reconnected after several years and I'm so thankful to have had her in my life! She will be missed by all that loved her so. My heart goes out to each family member especially her mother, sister, and brother whom she adored so much! I will continue to pray for strength for her family. May Erica's sweet spirit rest peacefully in Heaven.

“ Erica was not only my cousin but a good friend, we grew up together as kids in Los Angeles before she and her family moved back to Kentucky. As adults she came back to LA and visit with us for a while. I will always remember our trips to Cherry beach and me spending the night at her house as a kid. Also, our long talks at Norms as adults which was one of our favorite places to go! You will forever be in my heart Erica. My deepest Condolences to Annie, Lenora & Eric Jr. Love your Cousin, Mishi (poopsie)

“ Erica was an outstanding young lady at Doss High School. I was not her counselor, but she was involved with her class and often visited the counseling office for opportunities for her future. It appears she achieved her goals and I'm proud to have known her. A young talent, gone too soon. My condolences to the family.
