“ I taught at Manual when Gene was there. He was so important to so many students.

His gentle manner and his strength was a great role model for them to see.

He usually sat right down the hall from me so we has many opportunities to talk and laugh together.

One day it was pouring rain and I had barely made it to school on time. It was 30 min. into 1st period and Gene appeared at my door.

Quietly he said to me, " Mrs. Bickel your car is running in the parking lot with its lights on, the wipers going and the radio playing! You must have been in a hurry to get in here today!"

We had many a good laugh over that!!!!

I cared deeply for Gene. He was, as my Grandma would say, "a good person with a kind soul."

I am so sorry for your loss and pain and I know from experience how much of a hole this will leave in your life.

I will miss him too.

“ I remember Big Gene as a kid feeding me eggs. His sister Ms. Barbara doing my hair and Shawn, Shannon, Craig and me jumping on the bed and got in trouble and Big Gene tried to protect us. I remember him at Manual, Gene letting me get out of class to go see the potato chip man Tommy Pearce. "Lays potato chip man." I still couldn't figure out who Big Gene was protecting in the halls. We didn't have one single fight. LOL. You'll be so missed. Good times, good fun.

“ Very rarely, is one man able to impact the lives of so many. Mr. Gene took upon a roll, which far exceeded that of a security officer. This statement applies, during his tenure at Dupont Manual High and prior. He was the protector and father figure to many of the students. The friend and confidant to his constituents, and the students likewise. He was always there for the students, in there time of need. No matter what the situation was, if he could help. Listening with a concerned ear and offering advise. I can recall on many occasions, students being short on lunch money. Mr. Gene wouldn't hesitate to dive into his ginormous pockets, to help them out. I remember each year, during the last days of school, before Summer break. Mr. Gene bringing the Super Soaker water gun to school and the water wars that proceeded in the hallways of Dupont Manual High. My condolences to the Garvin family. Take comfort in knowing that the man that you so love. Left such an indelible impression, on the lives of so many people over the years.

“ I remember like it was yesterday, when I would walk up to Big Gene's store and play Renegade; dropping quarters into my favorite game like it was a profession.

I appreciate the talks Gene would have with me and how he encouraged me to do great inschool and to always take care of my mother.

Rest in peace, as you did great for your community.

“ Garvin Family,I send my deepest condolences to your family on the passing of "Big Gene". He was definitely a "Gentle Giant" no matter where we saw him, from the halls of Russell Jr. High, to Broadway Roller rink or any facet any student would see him. He greatly impacted each and every student, our lives, our well being and he dare anyone to say otherwise. "Big Gene" was a protector and every student that came into his contact he became their protector and because of him we as students, as adults we are "Blessed". Matthew 25:21, says "His lord said unto him, Well done, thou good and faithful servant: thou hast been faithful over a few things, I will make thee ruler over many things: enter thou into the joy of thy lord." Rest in Peace "Big Gene" We Love You, gone but you will never be forgotten!!!

“ *Big Gene mentored me when I began my career as an assistant principal at Manual. "Buddy," Gene would say with a big smile, "I got a file on everyone!" One thing I will always remember about Gene was his annual Christmas gift collection for the needy; Gene enlisted anyone and everyone's help to buy, collect, wrap, and deliver hundreds of toys to less fortunate children in Louisville every Christmas. When Gene would pull me to the side and confide in me, telling me I was trustworthy and well-thought of, I always felt very proud to receive his praise. Although he was a kind and generous man, Gene did not dole out compliments he didn't feel you deserved. I still miss Gene after all these years and am sorry to learn of his passing.*

I remember your mom would fix Sunday dinners for us. You would fix special meals in the store. I believe you were the one who gave me my first lobster. The cold cut sandwiches. You gave me my first gold chain for my birthday. You would pick Sharon and me up for school every morning and we would either stop at donut shop on Dixie or White Castle. Where did all these years go? I never got the chance to tell you what you meant to me. There are so many stories I could tell. I just wanted to reflect on a few that were dear to my heart. “ Wow!!! So many memories with Big Gene!! I remember I use to stay after school everyday and Big Gene would say you going to Taco Bell today. My response was always "yes", so Big Gene would ride me over to Taco Bell when it would rain. He would say you don't need to be eating this stuff everyday, but bring me a nacho back.

Another memory I have is Big Gene use to love to hear me sing. We would be in the cafeteria and he would say, "Tish come over her and sing me a song and I buy you some flammin hot cheetoos." “ *So sorry for our loss. Big Gene was an intuitional part of Manual. He was funny, charismatic, gentle and he genuinely cared about the kids he looked after. It'll be sad going forward knowing he's not telling okay, let's go! at any more students but I'm happy and thankful to have had known him while he was here. He was such a great guy.*
