“ *Sister McPheeters (Jean) was a best friend for me, like a mom. We first met in Germany, her home was the first time I attended a book study for the witnesses. We talked on a regular basis. She was an inspiration to me always there during times of sorry or happiness. My sons think of her as Grandma. She will be missed. I knew something was wrong when she didn't answer my call, her voice mail box was always full, but she always called me back. Last call she never answered, later I found out that she was ill, when I called to check on her she had fallen asleep in death. We will miss her very much, however we know that we will see her in the new system. Very special sister and we will always love her and cherish our memories of her. A loving person to know. To her loving husband we will keep in touch, I know she would want that. Love you Sis*
