“ *I am sending my heartfelt condolences to Garland's family. I worked in AP6 for 27 years. Garland was one of the good guys. No one ever said anything but good things about him. He was always ready to give help to anyone. We missed so many of our friends when the building shut down. I was sadden to read about it this morning. God bless all the family and I will put you on my prayer list. I am so sorry. Lois Dewain*
