“ I seem to be at a loss for words right now, but I will try. I spoke with George and his daughter once a month for about 25 minutes when they met me at SGI while I did the pest control service there. He was one of the nicest people I have ever met. Always asking me about my family and how I have been.

The last time I saw him was in late July. He told me about his diagnosis. He seemed cautious yet strong willed about beating the odds.

I will miss talking with George once a month. He made my day a little brighter each time. Take good care my friend. Safe travels on your way to the next stop.

“ To the Family of George Campbell, I offer my heartfelt condolences. To his brother and sisters of the SGI, George was my first and only Men's division leader. It was my honor to be the Women's district leader and be "raised" up under his wing. George displayed faith, practice & study with his life! He ALWAYS showed up when we needed him and he was absolutely a chanting KING! He is greatly missed but expedient means, we will see him again! NMRK!

*"The Buddhist perspective on the eternity of life gives us profound hope that those who have departed are not gone forever... The greatest tribute we can offer those who have passed away is to live on joyfully in their stead, confident that our happiness will flow on to them." (Living Buddhism).  
We will miss Georgie, and we are greatly comforted by the life he showed us.*
