“ *Mr. Clemons I will miss you. Sorry for the loss to the family. He was the finest person I ever know. I was a student at southern middle in the early 90s and he was the principle. My worst and bad times in life at that time. He really cared about his students. Lol one time he caught me smoking in the girls bathroom and was yelling thro the door -saying put them out right now I know you are in there. after that he would see me in the halls and look at me would both start laughing then he would start laughing. He was such a kind hearted soul. My days at school wasn't bad when I saw his smiling face and it made me feel even stronger. I just heard about this, I wish I knew sooner I would have went to say goodbye to the man who gave me courage at my toughest time in life.*

“ *Mr. Clemons was my coach at Moore High school in 1969-70. He was a caring man and excellent teacher and coach. His trademark "dog gone it" when he was upset stuck with me for many years. Years after I graduated from Moore when ever I saw Mr. Clemons out he always remembered my name. Coach you ran your race well and many, many have benefited from your presence among us, rest in peace. “ It was an honor to have Skip Clemons as a principal and a friend. He had a gift for assessing what each of his staff needed and finding a way to fill those needs. He was able to laugh with us, disagree with us, and care for us. He respected us and we respected him. He is unforgettable. There are no words to ease the pain of his passing, but the love in our hearts will remind us that life is eternal, that love is stronger than death, and that we most certainly will meet again. Until then, we will miss you, Skip.

“ I graduated from Moore in 73 and had Mr. Clemons as a teacher several times. I also went to Ferncreek when we had double sessions when Moore was not yet completed. If I could speak to him now I would say he was always considerate to students and valued critical thinking. You had integrity and exercised fairness even when the student was wrong, we always had a choice. Thank you for your service to the Country and thank you for being a teacher. I am a better person because of meeting you. RIP Mr. Clemons.

“ I was in Mr. Clemons very first class at Moore High School, we were on double sessions at Fern Creek. He was so sweet and we took advantage of his kindness, but only for a little while, he caught on pretty quick. We could make him laugh until he cried. No other class got away with the shenanigans that we pulled. I also played basketball when he was an assistant coach. He was a great teacher and coach and it was a honor to help break him. Even though he was the only teacher to give me licks I have nothing but fond memories of him all these years later. I remember him as one of the finest men I have ever known. My condolences to his family and friends. Sincerely Billy Cockerel

“ My deepest condolences to Mr. Clemons family. He was truly an extraordinary man who made an impact on all his students at Southern Middle. I was blessed to have had him as my principal in the early 90's. He was fair, comical and his strong presence and gentleness, helped a lot of those were lacking strong father figures at the time. He will truly be missed, but the impact he had on my life and loves of others I know will forever live on. Prayer Gods strength and comfort over his family and friends.
