“ To Rachel and family, GeorgiaAnn was like a second mom when I was growing up. When I had trouble deciding what to do with my life she is the one who advised me to be a nurse and I've been happy with my decision since. I'm so very sorry your loss. She will truly be missed.

“ To Rachel and family,
I have fond memories of knowing Miss Bell since Rachel and I were classmates in high school and college. She had this beautiful kind and gentle spirit. Her arms were always open to welcome me into the family home. As we continued our lives into adulthood she was always there to encourage us to make positive decisions about our future. I am so happy that I was part of that village. With loving thoughts. Elsie Medlin

“ Aunt Georgia used to have Chris and I running errands with her around the city. Going from tarc to tarc not knowing exactly where the day would take us. But always there for the ride, and with plenty of lesson, though we were too young to take in the words instilled in us, the experience of the routine showed us enough. You are missed and you are loved Aunt Georgia
