“ hen you were a child, you couldn't comprehend or fully realize the meaning of a grandmother's love. How wise she was, how much patience she had, or how much guidance she gave you by her example and by her helpful caring ways. Years go by before we know and understand the depth of her concern and the love Of protectiveness. But as we mature we do finally understand and we can look back and see through older eyes and wiser hearts her unconditional love, devotion, and family loyalty. It's these and many other things that make us realize how lucky we have been and how lucky we are to have this amazing woman - your grandmother - as the centered root of strength and love in our life. Keith, you know I am here for you & family.. Praying for you'll loss..LOVE
