“ Fun memories of riding the school bus to middle school with India, then we went on to attend the same college. She was always pleasant to be around and had stardom written all over her face. She was so talented. May God rest her soul and comfort her family.

“ *I am so sorry to hear about India's passing. India was part of my team here at Humana for a short period after I joined and before she moved to Medicare. She was the inspiration for all that we are now doing with inclusion and diversity and was my catalyst for getting directly involved.*

It is not too often in life that we meet someone with a spirit and an energy that causes us to do something. But, India was that sort of person to me.

I am saddened and sorry to hear about her passing. Her memory will live on in all we do to be a more inclusive work environment.
