“ My deepest condolences to Mrs. Jacqui's family. The summer after completing my freshman year of college I had trouble finding employment because I broke my ankle during finals. I had a bright orange cast on my leg and could barely walk, but she and Dr. Horton took a chance and hired me. The things I learned from her during that summer, I will cherish for a lifetime. Her spirit was infectious and her kindness was unmeasurable. May God continue to bless this family. I wish I had known of her passing when it actually happened.

“ You were a great sister who supported me as a person and everything I was trying to do at camp or in the community. I light this candle for you--with the flame as a reminder of your warmth to your family and to others.

“ *My fondest memory of you will always be our last conversation when you called me on my birthday. We revealed much about ourselves to each other, and laughed, reminisced, talked about the grandkids, and then laughed some more. You will be greatly missed!*

“ *Cousin Jacqui you were one of a kind. I'm really going to miss your laugh and our talks. I could always count on talking to you at family functions. Although you were my older cousin, I always looked at you more as an aunt. As I type this I really can not believe you are gone. As I got older we became closer and you would share your wisdom with me. I appreciate you so much. Thank you for supporting the gifts GOD gave me. You loved my singing, my stage productions and my spirit. I loved yours as well. I'm staring to cry and I know you wouldn't want that. So I will just say, you will be missed dearly. I love you.*
