“ James worked for a time at Roosevelt Elementary School where I also worked. He was a year behind me at Seneca but I don't have many memories of him from that time. My condolences to James' family.

“ *What I remember most about Big Hugh was that he was a gentleman. I met him in high school (all those years ago) and I can still see him on the court and walking to class. No matter the height of the ceiling, he always walked with his head down! A safety measure of those so tall as he. A great guy and my sincere condolences to his family and friends in Louisville.*
