“ Joseph Mudd

Born May 11, 1936 in Louisville.

Nickname Sidney

In his youth, wanted to pursue boxing, but was dissuaded when he realized the younger brother of his friend was REALLY good; that younger boy would turn out to be Muhammad Ali.

Oldest of three children; has a younger brother Alfonso Mudd, and a baby sister, Jane Woodson.

His father would later on become an accountant, with the Ali family as a client.

Was in the army in late 60s, stationed overseas in Germany and in the air National Guard. Could fly helicopters airplanes and gliders (planes with no engines). His favorite movie is Top Gun.

Very athletic in his younger days; his wife had to stop him from his hobby of hang gliding when his first son (Kenneth) was born.

*Graduated from Central high school in Louisville
Went to vocational school in California, and got his associates degree, work for AT&T (then know as South Central bell) as an engineer for 31 years.*

Later on in life, decided to pursue his bachelors degree in business, and graduated from Sullivan University in 2011.

He has two children, Kenneth (49) and Kristopher (39). He's separated from his wife Stephanie.

Avid chess player and loves math and Star Trek.

****In the mid-80s, he tried to save people who were trapped in a car after a bad accident in the middle of the night in our neighborhood at the time (Fincastle, in the east end) and was given an award from the fire department for his efforts.****

He would like to be remembered as a person who worked hard to support his family.

His family loves him very much.

AM

Condolences to the family. We played a lot of cards on lunch breaks. He was a great guy.
