“ *Karen my friend my comforter my Nancy Drew girl! We had the best if times and some not so great times too. But I want to say that you have always been the most giving and loving person I know! You always gave it to me straight no chaser no matter if I liked it or not. Your advice to me has been invaluable and I believe that's one of the reasons I a still married. You are gone too soon. I just can't get over the fact that I can't talk to you! But I am so thankful to God and your parents for sharing you with us! I love you girl! REST NOW!*

“ I attended Ballard High School with Karen. We both participated on it's track team where we laughed constantly. She was a great athlete and one of the kindest ladies I knew. Rest in peace, my friend.

“ My memories of my friends are expansive. I spent most of today sharing moments with those close to me. The most important memory repeated itself several times over the last year since we had a chance to reconnect and spend some great times together. She was adamant about making it perfectly clear she was my BEST Friend. And she absolutely was. For more than 35 years. I love you Karen!

Karen and I met at The University of Tennessee in 1985 as track teammates. Although we had some down moments our up moments over shadowed all else, I am so thankful that we were able to spend time together this spring at the beach here in NC. Those days will forever be cherished by me and my girls! We love you Karen! Love Carla!
