“ *Yes, Larry was my mentor and sponsor in 1976 when I was 17 and a new Security Police Officer at Tachikawa Air Base, Japan. He was man of God. He loves his family and would take trips in his red station wagon. As a retired police officer, Larry helped build me into the officer I had become. We lost touch and I always thought of him. Larry your family needs to know how your mentorship helped me be a successful police officer. God bless your family. Stephen Vangeli*

“ Larry, I didn't realize you had retired in the Wichita Falls area. We moved back into this town in July. If I had known you were still here, I would have made every attempt to rekindle our friendship. I was Captain Huey and had a Model A Ford like you did when we first met at SAFB. We both resided on base as SAFB and we were good friends during that time. Your wife and kids are in my memories and I am indeed you lost your son before you passed. I think of you and always had since I transferred away from SAFB. You were a great friend to have and I am very proud tho have had the honor of knowing you and your family. May God be with you and your family. I didn't know you had divorced. May God be with all of your family, friends and your dog. I sincerely hope your in a better place and enjoying the afterlife every bit as much as you enjoyed this life. I sure wish I had seen you before your passing. I am your age and I have so few friends left these days. I hope your life was as fulfilling and rewarding for you as mine has been for me. God be with you, Larry. You were a real pal and buddy.
