“ Shirley & Family, I am so sorry for your loss. I know how hard it can be when things like this happen so suddenly to someone so young. But time does help heal, keep the good memories of Minnie in your heart. She will be missed.

“ Minnie, I miss you so much I didn't have the strength to tell on the day of your homegoing but this is what I would have said. To Minnie, you may be the younger one but you're wise beyond your years. When I look to you, I look up and I admire what I see my sister and my friend. You are so full of love, so full of strength. What you may not know is that I envied you. Your heart and your soul. The way you set out to make all your dreams come true. You would often thank me for my support. What you didn't see is that if it weren't for you I would not be me. I love my little sister more than I could ever describe and I am thankful for everyday I had you in my life. Love Your Big Sister

“ Ms. Shirley I cannot express how sad I feel and how much you and your daughters have meant to me and mom. To have known you all my entire life and to learn of my life long friends passing really saddens me. You've raised some great young women and I'm just praying for you. I wish I could do more. I wish I had something to offer or say. Just thank you for all you've ever done. I remember very fondly as a child going over to your house and seeing "Minnie" before I left for Hawaii. She gave me a book. Animal cemetery and I always kept that near me my entire stay. Reminded me of home. I'm praying for you I really am.

“ Shirley & Family, My name is Cameron and I am one of the ICU nurses that took care of Leaundrea during her time in the ICU at Jewish hospital. Since the first moments I took care of Leaundrea I could tell she was an exceptionally special, strong, and independent woman that brought joy to many. My heart broke when I head of her passing; however, I know her spirit will eternally live on. My thoughts and prayers are with you all during this difficult time. With love, Cameron ICU RN, Jewish Hospital
