“ *Many times you find out later why certain people are introduced to your life. Dr. Thompson was a mentor to me during my college days. He was a tremendous doctor with caring and compation for patients that he passed on to his students. The love of medicine along with the same level of caring and compation is also evident in his son, Eliot. So sorry to hear about the death of such a wonderful man, he has inspired a great many.*

“ *Thompson Family: My deepest and sincere sympathy to each of you, as well as your extended family. I remember him as a reserved, classy, intelligent, sophisticated gentleman. I visited Dr. & Mrs. Thompson many years ago, along with his beloved sister Bessie. Their hospitality was beyond reproach!! Years later, they would travel to Elmira, NY for family re-unions and birthday parties. I was always inspired and encouraged during our conversations. His mere presence rendered a "sweet spirit" among those close by. I know God watches over his angels and he has wrapped Uncle Lee in his fold and taken him to a brighter place. So I say, you fought a good fight, ran the race with dignity, now go sing with the other angels!! Love and God Bless All of You, Pat Aaron-Hills Charlotte, NC*

“ I send my condolences to the family. Dr. Thompson and I worked together at Park Duvalle during its infancy. He was very kind, always had a smile on his face, and had a maturity that was helpful to me since I was fresh out of residency.

“ Dr. Thompson will always be remembered fondly. I will, especially, remember his caring nature, and love for his patients. Medical students assigned to him for externships always expressed that the training experience with him prepared them well and made them better clinicians. Patients and staff of Park DuValle Community Health Center felt a bond with him that was due to, not only his competence, but also his compassion. He will be remembered and will be greatly missed. Our prayers are with all of his family and friends.

“ Oh My God! Where do I begin and end with this “MAN” and still keep it short and quaint? He was and/still is a very intelligent, meek, and an understanding doctor that literally gave life to our community for so many years as a doctor while still maintaining a stable home for his own and church for so very long. I only dream and strive to be more like him and am proud he is my sons “Papa”. I send my sorrowful condolences to the family as I am very saddened as well. He will be missed but not ever forgotten at all. HIS KIND OF GREATNESS LIVES FOREVER!!!!!! We shall all see him on the other side and our personal dreams.
