“ *The fondest memory that I have of Miss Lorene was the opportunity to travel with her and Mr Haynes to attend the Women’s Home and Overseas Mission Society conference in Houston, TX. The long trip gave me an opportunity to learn about their lives growing up in the deep south, stories that I would never read in history books. When I took my three grandsons by to visit several years ago she talked about raising her five sons which brought a smile to her face. I will always remember her kind, gentle spirit.*

*I love to tell the story;
More wonderful it seems
Than all the golden fancies
Of all my golden dreams,
I love to tell the story,
It did so much for me;*
