“ GOD CALLED ON AN ANGEL God called on an angel that had served him well. He knew that he could count on you, Bo... And you didn't hesitate to go. We've all cried and cried, and will no doubt cry some more... But it gives us peace of mind knowing that you didn't suffer on your journey before you passed through Heaven's door. God called on an angel... You've always been supportive of loved ones, family and friends. We will forever have our own cherished memories of you, even though your life on this earth has come to an end. We will miss your humbleness, good spirited nature, husbandly, brotherly, and fatherly love, And when we want to talk to you, we will look towards the heavens above. I've already felt your presence and usual guidance, just the other day... As I was faced with having to back out of your long driveway. Because you usually did this for me... I panicked, and you said, "Relax, you can do this... just put it in reverse and back out straight". So, I listened and followed your dictate. I was so confident as I backed out, and didn't hit a brick. I smiled as I realized my backing out trick... God called on an angel... And yes, he's still watching over me. by Willetta Stephens

“ My brother was a great role model for me. There was nothing that I could ask for that my brother would not do. As a family man he set a high bar for me to follow. Family was important to him and he was an important part of our overall family. His body may not be with us but his spirit will live through his wife, children and siblings. Rest in peace my brother, counsel, and best friend.
