“ *She was my mother's best friend until my mom, Margaret Retter Love passed in 2018. They had been lifelong friends since the two of them were very very young. Mom often told me stories about Aunt Margaret and her aunt, Laura Brooks. To me, she was Aunt Margaret - lover of hats, swimming and onions! Mom and I stayed with her alone and when she married Uncle Jake - they always cooked for us til we were stuffed!*

We always enjoyed staying with them. When we came to Louisville and stayed with my mom's sister, we always made contact with Aunt Margaret for lunch/dinner etc. She would come pick us up to go out. When my mom took sick, Aunt Margaret always called her. After momma passed, Aunt Margaret faithfully called me to check on me. When the calls slowed, I started calling her. She would be reading the Good Book, sitting in her recliner. I called her in the rehab, too.

I will miss you, dear Aunt Margaret - you were the last of my loving childhood memories.

Take your rest - you were a good and faithful servant.

Love, always,

Pam Love, Margaret's daughter
