“ My favorite memory of her is when she was asleep during the Christmas season many years ago.....when silent night by the temptations came on the radio.... she woke up out of her sleep and she began to sang, I chimed in and we sung this song throughly. She kissed me, and went back to sleep. The following year when she heard this song during the holiday season she called me on the phone and we sang again. This became a tradition between her and I that I will miss so much! I will miss the most simplest things about my sweetheart. Mom, thank you for always loving me unconditionally and without judgment. I'm so thankful to have shared so many memories with you. Until we meet again, you rest peacefully my sweet girl. I love you, my nickel, shining like a penny. Heyyyyyy
