Hello, I use to work at Norton Hospital back in 1990 to 96. Your mom was such a kind person to me. I have thought of her so many times. Today I got this little book out and saw where I had wrote her name down as a person who helped me find Jesus! Then I thought to look her up. I am so sorry for the loss of both of your parents. I just wanted you to know that I thought a lot of your mom and so many times very thankful for our friendship. Praying blessings of peace and strength over you and your families. With much love, Vickie Sparks
