“ Shelia, your Mom was a VERY special Soul & now you have another beautiful Angel watching over you & your family! Hold onto each other for strength and know that your Mom was full of life and she'd want you to keep living, loving, learning, and sharing all that you have. You are very dear & I've known you for many years. In a way, we both grew & learned a lot together, LOL! Keep both your family's & God's love wrapped around you & know that I'm here for you my beautiful sister! Love always! ?

“ Mom I miss you so much. You are the rock that kept me strong. You are the woman that I want to be. I can only hope that the joy that you brought to your children and your grandchildren that I can live up to those same standards. My love for you is so strong. I am trying to find the strength to carry on without you in my life. Everyday I look for you to give me the strength. I feel you everyday and every night but not being able to hear your voice is killing me inside. I know that we are not suppose to ask why. But often I do ask what if we did something different would you still be here with us. Our heavenly father only knows the answer to that question and being that you are not with us I know the answer, but I having a tough time accepting it. Just know that you will always be on my mind in my heart and a big part of my life. I am trying to endure the pain because I know the strong woman that you are you want me be strong for the family and continue living live. I LOVE YOU MOMMY!!!!!!
