“ Dear Moxley Family: I met and worked with your mother but lost contact with her some years back. I cannot believe that she came to me as a memory just today and I searched for her. How amazing that I was going to find her after her recent passing. She was very proud of her children and I cannot remember that she was a grandmother yet but I'm sure she was pleased to have them in her life. I worked with her at Physician Services of America where she hand signed letters and stuffed envelopes for mass mailings. A LOT of signatures and a LOT of envelope stuffing. A part time job I believe she did to help pay for your educations. Please accept my condolences. M. Barbara Brown

“ *Lisa, Mark, Mike, I am so sorry to hear this world lost your Mother. She was a dear friend to me the years she worked at the firm, and I am so thankful I got to know her. She said so many prayers for me, my daughter, everyone. When I had a problem I went to Mary because, as I often said, she had a straight line to God. The world is less with the loss of this lovely woman.*
