“ I am so sorry to hear of Nate’s passing. I worked with him for most if not all of his 36 years at ASRC, and I have many fond memories of our time together. We shared our love for family, for ASRC, and for the UL Cardinals; Nate was the one who sparked my interest in women’s basketball and I’m glad he did. My thoughts and prayers are with his entire family during this most difficult time, I know he will be missed. Rest In Peace my friend.

“ My deepest condolences to all of Nate’s family & friends. He would call me when we were still Valero to order product to come in and our conversations always came around to our families. He was so proud of you all, as I am of mine. I will treasure my memories of him.

“ Nate was a southern gentleman with a heart of gold. He loved the simple things in life, spending quality time with the people he loved, sharing good homecooked food, telling amazing stories (he never met a stranger), cheering on the Louisville Cardinals Basketball & Football teams, building computers (a true Geek), crunching numbers (math genius) MS Excel Master, watching SiFi (an original Trekkie) and Star Wars fanatic. Nate, is the father of my two phenomenal daughters Monica & Jessica, and grandfather to our precious babies, Gabriela & Isabel. Nate loved all his children. Nate is a man of character, class, intelligence, pride, excellence, integrity and faith. I will make sure our children and grandchildren honor you by never forgetting your passion for excellence. Rest in peace my friend.

Until we meet again.
