“ Drake, I had no idea that you had been called back to whom you came from. We played basketball together at Bellarmine College/ University. My friend "man we had some good times at Bellarmine." Drake was a serious baller! Drake was also a serious thinker. We looked out for each other and that friendship extended after we left school. May he who created the Heavens and Earth in six days have mercy on your soul.

“ My friend,

*You will be dearly missed. I will miss all the crazy text messages and calls. We go way back. You was the one who got me hired at the Post Office. We shared many memories at the Post Office. I remember Q Balls fashion, I still have the outfits. You just notarized a paper for me. I'm so speechless right now. I remember when I graduated from Spalding, you cheered for me. I will always remember you and you will always have a piece of my heart. Fly High my friend.*

“ *I've known Quinn since he was my trainer at Rice Audubon back in 1996. I've never known a man with so much determination and resilience. We've shared many many memories over the past 20 years. Our last conversation I will cherish forever. For his family I am so so sorry for your loss. I promise to continue his legacy of preparation and having a 5yr plan with everyone I continue to mentor. You will forever be my example of success of a black man.*
