“ There are those that may not be blood relations, that you grow up and older with that become family. Ricky and the family are just that. Lives intertwined in fun and in difficult times that mean the world to you. We laughed on many a Sunday, and shared the grief we experienced on many a Saturday. Rick was always there with hot meal, and a kind word as we all shared life's challenges. My mother and son always enjoyed the talks and good times with Rick at FCMC on this journey. When in town, he always made me feel like family, and like I never left. Although he has now transitioned, his spirit will live on with so many who shared his journey. Heartfelt condolences to Bev and the family. He will truly be missed!

“ I remember when I was going to the 6th grade and had to do a summer enrichment program before I started my new school. Cousin Ricky would make sure that I got there and was picked up daily. He was always one of my favorite cousins. He was funny, loving, intelligent, and real. My heart and positive thoughts go out to the ones he left behind, for one day they will all be reunited. May you all find in peace and comfort in the love you all share, the memories, and in Gods promise.
