“ *I worked and on occasion hung out with Robert several years ago when he worked at Humana. Me and Robert were huge fans of sports rather it was UofL, Kansas State, Oakland Raiders professional wrestling and even Nascar. Robert was a true fan of sports and a fun co-worker hard headed as you can get but that is Robert. I'll miss our sports argument's pleading our case of who was the better team or athlete or just hanging out and doing whatever, all of it was always in good fun. My thoughts and prayers go out to his family and friends. You will be greatly missed rest in peace Robert I'll see you on the other side. Save me a spot up there in the sporting booth.*

“ I am at a loss of words. When I remember Mr. Hanley, I can always see him smiling. He was one of the people I always talked to at the games. I remember all the conversations we used to have. When I was younger I would imitate his voice in hopes of playing varsity. It is very sad to have someone pass so soon. My thoughts are with the Hanley's through this difficult time. I will always remember Mr. Hanley. He was so caring and outgoing. I will remember the talks we had on the sidelines before I went into the game and the conversations after. He was a great man, and will be truly missed.
