“ I have taken care of Mr Watkins while he was with us here at louisville east. He was always a gentleman and even though he was tired and a bit confused ,he ALWAYS thanked me for taking care of him. As a nurse,you don't hear that often and I appreciated it greatly. I could tell instantly that he was a good man. And whenever I was playing or singing jazz music, his eyes would light up and he would tell me to "sing it ,sister" My heart is with you as you deal with your loss. We loved him too
