“ My condolences to the Trice family and friends. I used to work in the the L & N building. I hit a car in that parking lot. I had left a note to inform the owner, and when the person contacted me, it was Roger's vehicle. We played Bid Whist together and had a lot of laughs and fun. Roger always had a smile and told me about his fond memory stories of growing up and life experiences. He adored his family. He was a kind and generous man who would help anyone, and would often pick up and drop off me and others. Roger will be missed.
