“ *Dear Keltee family, My name is John Petter. Rogers and I hired in at Ford the same time in 1974. He was the first friend I made and soon became one of the best. During our careers sometimes our paths separated but our hearts never did and eventually we would find ourselves back together the same as if we had never parted. Since we retired Rogers and I would keep in touch over the phone and always talk about getting together, but you know how it goes. Today I called Rogers to mourn the passing of Mohamed Ali with him. It was then that I discovered the heart breaking news. Now I find myself mourning a great friend and a true brother. I will miss him all the days of my life, and I am heart fully sorry for our loss.*
