“ Jean as we called her was loved, is loved and will be missed. In 2017 we had a family reunion in Aliceville Alabama. I remember Jean sitting in the back seat with my dad (her brother) holding on tight and commenting on my driving in only a way that she could do. I had to have been driving 108 mph and I could tell that although she trusted my driving she didn't trust the speed in which I was driving. I will always remember and chuckle about the entire drive. The conversations she and I had while sitting in the back seat together when my dad took the wheel will be forever cherished.
