“ Scherry, we at Torrance RASC/RTOC will miss you always. The phone company was our retirement but you were the most informative person they had on the floor. I just loved it when you were in charge and I could call you up for help. Not one manager could compare to you. I wondered what happened to you and have been trying to find you when the emails stopped. My condolences to Joseph for the loss of a wonderful intelligent woman and wife.

“ *Things are not the same without you. I miss you so much but I know that you have no pains and heart aches. Your friends in California calls to check up on us all the time. I have so many questions but they will never be answered. The love we have between us will never go away.*

“ *Auntie, you are missed. I remember waking up, coming over to your house and we would settle in and watch cartoons all day long. All of your stuffed animals to keep me company. The family dinners at Thanksgiving time, your cream of potato Soup and green beans tradition. I will never look at lemon jello cake the same. From your California family, you completed the 5th digit in our glove. R.I.P.*
