“ *We would like to send our condolences to your family and friends. You were the first neighbor to ever greet us and you were the only one that was really genuine and nice. I'm sorry for all the noise that my family made and I wish that we knew that you were sick before it got to be too late. I remember us both walking into the door last year and you asked if everything was okay and I told you no, but you assured me that everything will work out. That made me feel so good because I felt like you could feel the pain that I was going through even though we never got into details. Your smile and laugh was contagious!*

“ WOW!! I am floored. I lost contact with Teri when I moved from Louisville. Through the years, I have asked around for anyone who knew where I could find her. Little did I know she was in the area, but to find out she was still in the area this way is all to sad and to late. We had some really great times together. I feel her mom's pain when Teri and I would pick her mom up from work and her mother would need a sedative when she made it home from Teri's driving. I am going through the same thing with my daughter and I thought about her just yesterday when I was riding with my daughter and today my heart is heavy after learning she has been called home. My condolences to her family. I know she will be missed. Thank God for the memories she has left with each and everyone of you. May you find peace in the joy of those memories.

“ *Dear Rosemary and Family, I am so sorry to hear this news. It is so hard to believe. She was a beautiful lady, funny, witty, smart, and such a hard worker. I remember on several occasions hanging out with her and her sisters, along with you Rosemary, and having such a great time, years ago. I remember her wedding was so wonderful and I was so happy to be there, she was a beautiful bride. Rosemary, Sweet Lady, I know this is hard for you, I know how much you loved her. May God wrap you in his loving arms and give you comfort and peace at this very difficult time. Love Always, Marisa*

“ Teri was not only my colleague but a good friend. I met her when she was working at Suburban as a nurse and was attending nurse practitioner school. Since I am also a nurse practitioner, we were immediately friends and had a lot to talk about. She had an overwhelming presence with her loud voice and even louder laughter. She was loved by her co-workers and her patients. Her smile was contagious. She was a beautiful person, inside and out. I will miss my good friend.
