“ I met Michael through Annette. He was very kind, talented and very opinionated. But aren't we all at some point. Michael was like family. Always ready to lend a hand whenever needed and always ready for a great debate (lol). He kept me on my toes, but I learned so much from his knowledge and wisdom. Michael will be forever missed. Michael rest in peace and know you will never be forgotten.

“ I met Michael 50 years ago. I was 14 and he was my neighbor. We were family in many senses. In 50 years a lot can happen. He helped me more than anyone on this planet. My house is major work he did. We both were Air Force vets, and both love gardening, landscaping and cooking  
Both born in May, and both our stubbornness came to surface at times. I could go on forever about him. I will miss him tremendously.  
Love you, Michael 💜

“ Such a knowledgeable and noble man! Had the pleasure of connecting with him through my GODsent Auntie! He happened to bring a pot of some chicken potato soup over there! When I tell you it was the best soup I've ever had and I still make it like he taught me till this day! May you rest in peace King!
